

Angel Lopez is a bilingual Licensed Mental Health Counselor (LMHC). He also holds the following professional designations: National Certified Counselor (NCC), Master Certified Addiction Professional (MCAP) and Qualified Supervisor (QS). Angel earned a master's degree (MS) in Clinical Mental Health Counseling from Florida International University.

Mr. Lopez provides a holistic approach to best serve individuals, couples and families seeking life improvements in many areas. He integrates eclectic methods best suited for individualized care to identify and collaboratively achieve counseling goals.

Angel's knowledge on addiction, gender/sexuality, suicide, abuse and others, helps clients greatly improve their decisional balance and executive functioning skills, including targeting areas of self-identity, communication, and conflict management. In turn, clients struggling with addiction, anxiety, depression, suicidality, self-esteem, stress, relationship, sexuality, gender issues and overall life adjustments may experience relief and increased functioning in daily living.
